3.1 WEEE – Directive

Directive 2002/96/EC of the European Parliament

WEEE

“Waste-Electrical and Electronic Equipment”

3.2 WEEE – Objectives

This Directive applies to the prevention of electrical and electronic equipment waste.

Similarly here is seized the reuse, recycling and other forms of the recovery of such wastes so as to reduce the disposal of waste.

Furthermore, the environmental performance of all operators involved in the life cycle of electrical and electronic equipment will be improved by this Directive.
